Planned Parenthood®
Care. No matter what.
Planned Parenthood of Maryland

The Planned Parenthood of Maryland Peer Educator Program is designed for high school students interested in health education, counseling, and community service. The program includes:

- Extensive training in health education, public speaking and life skills,
- Valuable experience in outreach and presentations to your community,
- On-going supervision and assistance, and
- Community Service credit.

The Peer Educators serve as resources and positive examples within their schools, communities and the city at large.

Participation in this program brings positive effects for the Peer Educators themselves! Not only do they receive community service credit and gain valuable information and experience, but they are also likely to make more informed choices about their own sexual activity.

**The 2016 Peer Educator Training will be:**
**July 11th – July 22nd 2016**
**10:00am -3:00pm (Mon. – Fri.)**

Peer Educators should expect to attend the entire 2-week training to learn all of the information necessary to be educated spokespersons. The training will focus on human sexuality, reproductive health, values and decision making, relationships, contraception, teen pregnancy, teen parenthood, communication, and presentation skills.

During the school year, Peer Educators will plan and facilitate monthly presentations to other teens and provide patient education during teen clinic. Most meetings and events during the school year will happen on Thursdays from 4:00-7:00pm.

**All meetings will be held at Planned Parenthood at:**
**330 North Howard Street, Baltimore, MD 21201**

**** Refreshments will always be provided ****

# Applications are due Thursday May 5th 2016
