Responding to AIDS Conference, March 16, 2012

Morning Large Group Session:

9:15 – 10:15 **Introduction to HIV and Current Trends**

Majel Marshall, LPN, Nurse Care Manager,
Family First Health

Learn the basics about HIV transmission, disease progression, current treatments and trends that impact our communities.

Morning Breakout Sessions for SUPPORT:

10:30 – 11:30 **Support Services, Housing and Public Benefits**

Mike Dolatoski, M.Ed., Director of Support Services,
Alder Health Services & **Eva O'Diam**, M.Div., Client
Assistance Program Coordinator, Alder Health Services

Individuals and families infected and affected by HIV often need support to be able to access the medical care that will make it possible for them to live longer lives. In this workshop, participants will learn about services that are available to provide support.

11:30 – 12:30 **Prevention for Positives**

Shannon McElroy, MS, Caring Together Program
Manager, Family First Health & **Cindy Vicente**,
Prevention with Positives Project Coordinator,
Alder Health Services

HIV prevention is more complicated than teaching individuals how to use condoms. Come to this session to learn more about the social and cultural factors that impact risk behaviors and hear about the most current prevention strategies focusing on people living with HIV/AIDS.

Morning Breakout Sessions for HEALTH SERVICES:

10:30 – 12:30 **Medical Update**

Robin Bohanan, CRNP, MSN, ACRN, Family Nurse
Practitioner, Family First Health

The field of HIV treatment has changed a lot in the past 10 years. Come to this workshop to learn the basics of treatments available and how individuals deal with HIV treatment and other health issues.

Morning Breakout Sessions for YOUTH:

10:30 – 11:30 **Youth and Risk Behaviors**

Deborah Gable, MA, Director of Education,
Planned Parenthood of Central PA

What are young people REALLY doing these days? This workshop will clarify some myths and strengthen our efforts to reach young people with messages that help them manage the risks involved with sexual behavior.

11:30 – 12:30 **Sexual Orientation, Gender Identity and HIV Risk**

Erica Rich, Youth Program Coordinator,
Planned Parenthood of Central PA

LGBT (lesbian, gay, bisexual and transgender) youth are at increased risk for acquiring HIV. This workshop will explore the reasons why and increase your skills in providing support and information to LGBT youth.

Large Group Session - Lunch:

12:30 – 1:15 Lunch, **Safe in the City** Video (CDC Evidence-Based HIV Prevention Intervention)

Afternoon Breakout Session for SUPPORT:

1:15 – 2:15 **Dealing with Challenging Clients**

Terri Hamrick, MS, President/CEO, Survivors, Inc.

Working with challenging clients can be ... well ... challenging! Without effective skills, this can be very draining and impact our work with ALL of our clients. This workshop will strengthen your skills in order to provide the best services possible to your clients.

Afternoon Breakout Session for HEALTH SERVICES:

1:15 – 2:15 **Mental Health and Stigma**

Betty Bittinger, MS, Administrator of Behavioral
Health Rehabilitation Services

In this workshop, participants will learn about how the stigma associated with mental health diagnoses and services impacts individuals and ways to address it.

Afternoon Breakout Session for YOUTH:

1:15 - 2:15 **Risk Reduction Teaching Strategies**

Jacqueline Johnson, Community Health Educator,
Planned Parenthood of Central PA

Young people need sexuality education classes that model and teach caring, compassion, respect and healthy decision making and risk reduction. In this workshop, participants will learn some healthy sexuality lessons that have proven to be highly effective among youth.

Afternoon Large Group Sessions:

2:15 – 2:30 **Condom Skills Education**

Erica Rich and **Jacqueline Johnson**,
Planned Parenthood of Central PA

Most of us know that using condoms is an effective way to prevent the transmission of HIV through sexual behaviors. This presentation will increase our skills in talking about barriers for protection, as well as how to talk about making their use pleasurable and effective.

2:30 – 3:00 **Personal Story**

Living with HIV impacts each individual differently. During this presentation, a local person who is living with HIV will talk about their experience; helping us to understand the impact of HIV/AIDS on a more personal level.

3:00 - 3:20 **What Steps Will I Take?**

We will take some time for participants to identify steps that they can use as a result of this training and share one of the ideas with the group.

3:20 – 3:30 **Q & A and Evaluations**
