

## **Esther H. Carpenter Legacy Education Campaign**

Planned Parenthood of Maryland (PPM) is proudly accepting gifts to memorialize Esther H. Carpenter for her tireless dedication to reproductive health in Anne Arundel County. A gift in honor of Esther H. Carpenter stays in the Anne Arundel community to help PPM offer the highest quality education and services to those who need it most. These services may include direct patient education, updating educational materials, translating existing materials to serve the growing Spanish-speaking community and expanding outreach efforts. The Friends of PPM – Anne Arundel County are working to establish an endowed fund that could expand education and outreach in the county.
