Planned Parenthood of Maryland  
Calls for Babies for TV Commercial!

## Does your baby have what it takes to be a star?

Planned Parenthood of Maryland is looking for African American babies, ages 6-13 months, to be featured in a TV commercial for their new campaign, Babies Born Healthy.

**330 N. Howard St. in Baltimore, 21201, on Tuesday, April 14, from 11 a.m. to 2 p.m.**

Six to eight babies will be chosen. Winners will receive a \$100 gift card for groceries, a \$50 savings bond, a DVD of the television spots, and the thrill of seeing their child play a starring role. Winners announced in May.

**Call 410-662-4573 to register.**

In Baltimore City, African American babies are almost nine times more likely to die before their first birthday than Caucasian babies. Planned Parenthood of Maryland—through its Babies Born Healthy initiative—wants to change that statistic. Help get the word out. Being healthy before you get pregnant increases the chance that you will have a healthy baby. Take care of yourself now for you and for any future pregnancy.

**Healthier Women = Healthier Babies**
