Stand up for Choice

# Sign up today for the Planned Parenthood Action Network!

America is overwhelmingly pro-choice. There are pro-choice supporters in every political, religious, and age group. We are mobilizing networks of advocates from varying backgrounds and interests.

### ► Volunteer Advocates

Want to do more about the issues affecting Planned Parenthood? We need volunteers to help us reach out to new activists, educate current supporters, and mobilize our local movement. You can help register voters, phone bank, organize rallies, and spread the word about reproductive rights.

### ► Republicans for Choice

These Republicans are dedicated to the preservation of individual rights, including reproductive freedom, without governmental intrusion. There are more pro-choice Republicans than people realize! As an identified group, we can have a bigger impact.

### ► Clergy for Choice

Many religious leaders are activists and supporters of Planned Parenthood. Identifying more supportive clergy will help us in our efforts.

### ► Planned Parenthood Action Network

The Planned Parenthood Action Network already has thousands of members across the nation. You simply reply to the e-mail alert and an e-mail will be sent to a decision maker whose vote can make a difference. Just fill out the attached card and return it to the address on the back.

To reach our Public Affairs department call: 215-957-7981

The war on reproductive rights is being waged everywhere, from Congress to your local pharmacy. In the battle to preserve your reproductive freedom, Planned Parenthood Association of Bucks County is on your side. Our public affairs and advocacy department is a forceful champion for your right to choose.

### Grassroots Advocacy

We identify, educate, and mobilize pro-choice and pro-family planning advocates throughout Bucks County. We give these advocates everything they need to stay informed, speak out, and make a difference. Be an advocate for Planned Parenthood – Join our free Action Network by filling out the attached card!

### Legislative Activity

We are working with national, state, and local lawmakers to block any anti-choice or anti-birth control legislation before it has a chance to become a law. At the same time, we work on pro-active issues related to reproductive health care.

### Public Education

We provide speakers, background information, and more to help educate the public regarding the facts related to reproductive health and rights.
