COLLEGE (if student) _____ YEAR GRADUATING _____

ACTION ALERT NETWORKS

To be notified when urgent action is needed on upcoming legislation, join one, two or all three networks! Check the group(s) you'd like to join:

Join E-Mail Alert Network.

You'll receive e-mail alerts on national issues from Planned Parenthood Federation of America (PPFA), and on state and local issues from PPSFL. Participants agree to contact Congress at least 3 times a year.

Join "Choice Callers" phone alert network.

A Planned Parenthood volunteer will alert you by phone when calls to representatives are urgently needed. Participants agree to call their legislators during daytime hours (often a long-distance call). We anticipate that the Choice Callers network will be activated 3-6 times during the year.

Join Action Alert mailing list.

PPSFL's traditional Action Alert list. Receive action alerts through the mail in the "Choice" newsletter and the "Action Letter."

MOBILIZE THE PRO-CHOICE COMMUNITY

Would you like to get the word out to friends, or to the community at large? Check the following to volunteer, or to get more information:

Host a House Party or Write-a-thon!

Invite your pro-choice friends to join you for an evening of political action and refreshments! A Planned Parenthood volunteer will present a particular issue, and tips on writing your representatives. We'll write letters on the spot while enjoying an evening with friends. This event can be tailored to your needs, in your home, on campus, or at your business.

Staff Information Tables in the Community

Get the word out to the community by staffing a table at the Farmer's Market, the Commons, on campus or at special events. Volunteers usually take 2-hour shifts, usually with a partner. We make sure you have the information you need to answer questions on the key topics of the day.

Recruit Pro-Choice Activists

Tell your friends about Planned Parenthood's Action Networks and volunteer opportunities! We will supply you with information to help you get the word out to your friends.

Networker

Check here if you are a member of a like-minded group, business, or organization (formal or informal), and you'd like to be a contact to relay pro-choice information to that group.

Group _____

MEDIA WATCH

Keep an eye on the media, and make sure pro-choice messages are getting out there! Check the following to be counted as a media volunteer.

Media Watchdog: Pro-Choice Response

Watch the local and/or college papers and be prepared to send in a response when anti-choice letters are placed or misleading/inaccurate information published. Let Planned Parenthood know when you need help drafting a response or finding the facts you need.

Media Maven: Proactive messages

Write letters to the editor to improve public understanding of pro-choice, pro-sexual health issues. Planned Parenthood can supply you with background information at your request.

ACTION ORGANIZER

If you sometimes have significant blocks of time to devote to pro-choice organizing, we can use your help! Check here if you'd like to be a key organizer for our grassroots activities.

Campus Organizer. *Work with PPSFL staff to identify and organize pro-choice activists on campus.*

Tabling Organizer. *Schedule volunteers to staff information tables in the community and for special events.*

"Choice Caller" Organizer. *Call the callers! When urgent calls to legislators are needed, notify the callers to explain the issue and give them the information they need to make the calls. The first alert to you from Planned Parenthood will be by e-mail. Must be able to be contacted by e-mail, and willing to make at least 5 calls to the "Choice Caller" volunteers.*

Presenter. *Give brief presentations on particular issues at house parties, write-a-thons, or for pro-choice groups. Planned Parenthood will supply you with the specific information you need. Sign up if you have a flair for education and presentation, and if you have a good basic background in pro-choice issues.*

Questions? Call Karen Schantz at 273-1526, ext. 129 or e-mail karen.schantz@ppsfl.org

Thanks for taking action!
