##### A Young Woman's Perspective of Planned Parenthood

During my interview, I was asked what I hoped to gain from an internship with Planned Parenthood. Having read many "how to" guides my senior year of college, I knew the answer was important. Instead of following the guides, I went with my heart: I wanted to know that in some way I helped better the lives of women in our community.

Rachel Wacks completed her internship in Spring 2010. Her article describes her

experiences. Find the Full Article on the [Website](#).

*We are currently seeking Fall Interns for our West Palm Beach and Miami Offices. If you are interested please send a cover letter explaining why you want to work with Planned Parenthood and a current resume to [Public\\_affairs@ppsfoflo.org](mailto:Public_affairs@ppsfoflo.org). Letters of recommendation are not required but are encouraged.*

### Planned Parenthood Sexual Health Conversation

You are invited to a community meeting to discuss the alarming unplanned pregnancy rate among 18 to 29 year olds. Please join this important conversation and be part of the solution today! Wine & cheese will be served.

Did You Know?

- Fully half of all pregnancies in the U.S. are unplanned and three-quarters of unplanned pregnancies are to women 29 and younger.
- Among single women in their 20s, 7 in 10 pregnancies are unplanned.
- The proportion of unplanned pregnancy among unmarried women in their 20s is high across all income levels.

Join us for a conversation about ways we can address unplanned pregnancy rates among young adults ages 18-29 in our community. We need your help.
