

GOOD BYE TO SUMMER... and our summer interns!

Summer is ending, which means PPSWO is saying goodbye to our summer interns as they head back to school. We have been lucky to have four spectacular summer interns in the volunteer program this year, and they've done amazing work! They've lead volunteer trainings, attended health fairs and phone banks, helped launch an upcoming clinic volunteer program, lobbied for women's health in D.C., and wrote, directed, and starred in an Oscar-worthy volunteer orientation video.

We wish them luck as they head back to school, and hope they know how much they'll be missed!

Fall internship applications being accepted... ☺

HEALTH FAIR VOLUNTEER

We have more than 10 community events coming in the next few months, and we need your help so we can attend them all!

Health fair volunteers interact with community members, answer basic questions about Planned Parenthood and its services, pass out health care literature, and assist staff members with all aspects of the health fair experience. Health fair shifts are very flexible; you sign up for the shifts that match your schedule!

Health fair training dates are listed above.
