During your visit, we can assess your eligibility for Family PACT, a California program that covers birth control, pregnancy testing, STI testing and treatment, well woman exams, and other family planning related services at no cost to you. If you are eligible, we will enroll you at our health center. If you already have a teal Family PACT card, please bring it with you when you come in for your appointment.

### MediCal

If you have MediCal insurance, you can use it at any of our health centers. You must bring your insurance card or provide your social security number in order for us to bill your MediCal insurance.

**We accept all MediCal insurance,** but some of the most common MediCal plans are:

- LA Care
- HealthNet
- Anthem Blue Cross
- Allied Physicians
- Care 1st
- Healthcare LA IPA

### Covered California and Commercial Insurance

If you have insurance through Covered California, your employer, or other commercial insurance, bring your card with you to your appointment. We will call your insurance plan to find out what services are covered. While your insurance may ask that you contribute towards the cost, we are committed to helping you get the care you need.

### Self-Pay with a discount

If you are paying out of pocket for your services, we will work with you to assess your family size and income to determine your discounted fee. We accept cash, credit and debit cards, and Flexible Spending Account cards.
