

Sliding Scale Income Worksheet

Step 1: Determine Monthly Income (income before taxes)

1. Net Monthly Earned Income

Wages, salary & Tips Total "A" =

2. Other Monthly Income:

Alimony & Child support	+
Social Security Benefits (widow's benefits and children's allowance)	+
Unemployment Benefits	+
Military or Veteran benefits	+
Other Income (interest, money from family/friends)	+
	Total "B" =

Add Monthly Earned Income to Other Monthly Income Total "A" + "B" =

Step 2: How many people (including yourself) are supported by that Income? _____

Step 3: Use Sliding Scale Chart to determine Sliding scale category: _____

		SLIDING SCALE CATEGORIES							Full Fee	
		A	B		C		D			
		Gross household MONTHLY income								
		Up to	At least	Up to	At least	Up to	At least	Up to	More than	
Household size	1	931	932	1,397	1,398	1,862	1,863	2,328	2,329	
	2	1,261	1,262	1,892	1,893	2,522	2,523	3,153	3,154	
	3	1,591	1,592	2,387	2,388	3,182	3,183	3,978	3,979	
	4	1,921	1,922	2,882	2,883	3,842	3,843	4,803	4,804	
	5	2,251	2,252	3,377	3,378	4,502	4,503	5,628	5,629	
	6	2,581	2,582	3,872	3,873	5,162	5,163	6,453	6,454
