

## Family Planning Sliding Scale Service

At Mt. Baker Planned Parenthood Health Centers, we think that everyone should have access to our services. We offer a sliding scale fee program for uninsured and underinsured patients who are seeking family planning services. Fees are based on an annual income and household size. You are responsible for payments as determined by a standard formula based on the annual federal poverty level standards. Fees start at \$40 for HIV test or an appropriate percentage of the cost based on income. We ask for proof of income to determine eligibility for this program (for example pay stubs or income tax return). The following table shows our sliding scale categories by household size and monthly income:

		SLIDING SCALE CATEGORIES							
		A	B	C	D	Full Fee			
		Gross household MONTHLY income							
		Up to	At least	Up to	At least	Up to	At least	Up to	More than

To figure out what fee you should pay on our sliding scale use the [Sliding Scale Income Worksheet](#) and retain it for your own purposes.

Here is an example of **estimated fees** for selected family planning services based on your sliding scale category:

Sliding Scale Category	A	B	C	D	FF
Annual Exam (including STD tests, Pap smear and pregnancy test)	\$40	\$123	\$204	\$287	\$368
Sexually transmitted diseases testing (including Gonorrhea, Chlamydia and HIV)	\$40	\$88	\$134	\$182	\$228
Pregnancy test	\$0	\$11	\$21	\$32	\$42

Payment is expected at the time of service. You will receive a statement from us for any unpaid balance.
