bc2me PROGRAM INFORMATION

bc2me allows you to automatically receive your contraceptive supplies every month. Once enrolled you no longer need to place an order in advance or come to the health center to pick up your supplies.

To participate in bc2me:

- **You must have a current prescription (requires either an annual exam or a consultation visit) with PPCNC** in Chapel Hill, Durham or Fayetteville for birth control pills, the patch or the ring.
- **You must purchase and take with you one cycle of your chosen birth control method** at the time of enrollment.
- You must provide a mailing address for your orders located in North Carolina (we are unable to mail outside the state).
- You must provide current Visa or Mastercard account information and updates if your account information changes.

How the program works:

- Once your enrollment has been processed (takes 3-7 days) your first order will be placed in the next available mailing group. **We will mail your birth control order every four weeks (28 days)** in order to make sure you are able to stay current throughout the year with no lapses in birth control coverage.
- **Your credit or debit card will be charged for the amount of your chosen birth control method + \$2** to help cover the cost of shipping/handling. You will be charged at the beginning of the week (Monday or Tuesday) and your order will be sent via US First Class mail by the end of the week (Saturday). Please allow 5 to 7 business days for your order to arrive.
- Contact us as soon as possible if you decide to cancel your membership, change the mailing address or need to update payment information. We may be unable to fill your request with less than 15 days notice before your next mailing date. To change your membership, you may call (919)-929-5402 (ext. 237) or email bc2me@ppcentralnc.org.
- If your credit/debit card declines the charge for your order *no birth control will be mailed*. We will contact you to let you know and you may choose to provide new charge information or to pick up your supplies at any of our health centers.
- If your credit/debit card declines or your order is returned as undeliverable your membership will automatically be suspended until we receive new charge or mailing information.

You should also know...

- If our price for your chosen birth control method changes during the program year, we will contact you before your next billing cycle. If you choose to continue your membership, the new rates will then apply.
- Your enrollment in bc2me is valid for the length of your current prescription on file with PPCNC. When you renew your birth control prescription we hope you will also renew your bc2me enrollment by filling out a new enrollment form.

Thank you for choosing **bc2me!**
