# About Clergy For Choice

Clergy are people who have been trained and approved by their faith community for religious and spiritual service.

- We are faith leaders who value all human life.
- We accept that religions differ about when life begins.
- We believe that human life is holy. That is why we believe in your right to choose to be a parent or not.
- We are here to help you make your own decision.

It can be helpful to talk with friends you trust, with licensed counselors, and with any religious advisor you may choose when making important personal medical decisions.
