ANNUAL REPORT
2016-2017 PLANNED PARENTHOOD PASADENA AND SAN GABRIEL VALLEY
Thank you for your support!

Planned Parenthood Pasadena and San Gabriel Valley
We are so grateful for YOU.

Over the past year, our local Planned Parenthood affiliate has endured the most challenging political climate in our 85-year history. But with you by our side, **WE PERSISTED**. With each fresh threat that the current administration has launched against women’s rights and our community’s most vulnerable people, PPPSGV fought back by protecting our patients and further improving our health care services.

We expanded our health center hours and drastically reduced patient wait times. We made critical progress in security upgrades for our facilities. We signed on to offer more comprehensive health services for our LBGTQ+ patients. We rolled out teacher trainings to ensure young people receive sex education, and we empowered our undocumented patients to know their rights. Looking back, I am amazed at all that we accomplished. This Annual Report is living proof of the motto, "When they go low, we go high." PPPSGV is gearing up for another tough year, but we will continue to aim for the highest standards because it’s what our patients deserve. **None of this would have been possible without your support.**

One “defunding” threat after another, YOU stood with us, unified and strong. When our health centers were on the chopping block, YOU called your representatives and told them not to take away health care for those who need it most. When women’s rights were under threat, YOU marched in the streets to voice your dissent. In the face of unprecedented adversity, we never once deviated from our mission to protect the health and futures of local women, men, and young people—and you never once hesitated to have our backs. Thank you for keeping our doors open. **We are so grateful for YOU!**
"When I talk to my patients, I normalize the abortion process and make sure that they understand that there isn't any judgment. This is a natural part of women's health care."

Dr. Noah Nattell joined PPPSGV as our new Medical Director in August 2017. He holds a BA in Physics from Wesleyan University, an MD from Stony Brook University, and an MS in Clinical Science from the University of Southern California. Dr. Nattell completed his residency in Obstetrics and Gynecology at Mount Sinai Beth Israel in New York City as well as a fellowship in Family Planning at USC.

In addition to being our Medical Director, Dr. Nattell is also an Assistant Professor at USC Keck School of Medicine and the Director of Prenatal and Gynecological Care for LA County Correctional Health Services where he provides care to over 2,000 incarcerated women. His research interests include reproductive decision making and access to care among marginalized groups. We are thrilled to have such an accomplished and compassionate health care professional join our team!
This year, we saw more patients than ever.

110,597
Cycles of pills, patches, rings, IUCs and implants

75,930
STI Tests, including HIV Tests

22,452
Emergency Contraception Kits
Thank you for helping us **save** lives.

- **3,084** Breast Exams
- **2,814** Pap Tests
- **273** Colposcopy (cervical cancer screening)
- **22** LEEP (cancer diagnosis and treatment)
Your support enabled us to streamline our services.

20,254 to 29,948
Online Appointments Increased

69% to 76%
Patient Show Rate Increased after Implementing Text Appointment Reminders

3 weeks to 1 week
Patient Wait Time for Surgical Abortion Decreased

86 mins to 60 mins
Average Patient Cycle Time Decreased
2,922

VOLUNTEER HOURS
YOU helped us engage supporters through meaningful volunteer opportunities!

13,065

EDUCATION & OUTREACH CONTACTS
YOU helped us to provide sexual health education and information to thousands of young people, teachers, parents, and other people in our communities.
YOU helped us expand HIV prevention services.

Beginning in February, all four of our health centers will be offering PEP and PrEP, two revolutionary new drugs that help prevent the transmission of HIV pre- and post-exposure.

PPPSGV will be one of the only Medi-Cal providers in Northeast LA and the San Gabriel Valley to offer this service.
Meet the Faces of the Future.

2016-17 marked the second year of Peer Advocates, a year-long program for high school students to become sexual health educators and advocates. Each program year culminates in an event where the Advocates share the valuable knowledge they have gained. This year, the event featured original PSA-style videos, covering topics such as sexuality and gender fluidity, toxic masculinity, consent, and different methods of birth control.

In today's digital age, information about sex is more accessible than ever. The Peer Advocate program trains young people to differentiate between what is accurate and what is not. These exceptional students become leaders in their communities and an indispensable resource for their peers.

Special thanks to the Armory Center for the Arts in Pasadena for hosting the PSA event!
We Won't Go Back.

"As the leader of PPPSGV, I pledge to you that we will fight within one inch of our lives to ensure that everyone has access to reproductive health care, no matter what."

President & CEO Sheri Bonner speaks to hundreds of supporters at the Pasadena Women's Rally before joining the Los Angeles Women's March in January 2017.
Creating a Culture of Consent.

In 2016, the California Healthy Youth Act was signed into law, requiring sex education at all public middle and high schools. Since that time, we have been delivering trainings for local school districts to ensure they are prepared to teach the new curriculum.

As trusted providers of sex education with strong connections to local school districts, we are the natural choice to help with the implementation of such an important piece of legislation. By training the trainers, we can be sure that even more students receive the most age-appropriate, medically accurate instruction in sexual and relationship health.

Pictured here are Board Member Samantha Levra, Peer Advocate Charlie, and Manager of Community Education and Outreach Sandra Abarca at a panel event about creating consent culture.
Bringing Our People Together.

NextGen Partners

This year, we channeled our energy into creating new opportunities to bring our people together. NextGen Partners (NGP) of PPPSGV began organizing lively events such as happy hours and discussions throughout Northeast Los Angeles and the San Gabriel Valley for supporters of all backgrounds to gather together and show their support for Planned Parenthood. Whether we're defending our rights, destigmatizing our bodies, or advocating for health care and education, we are supporting the future of our communities - and having a lot of fun doing it! Like and follow Planned Parenthood Pasadena and San Gabriel Valley on Facebook to hear about upcoming events from NGP.
LEADERSHIP CIRCLE 2016
Incredible support that we can always count on!
FALL BENEFIT 2016

Another successful year in the books, thanks to you!
