**You have the right to access sexual and reproductive healthcare, even if you are under 18 years old**

- You can go to an appointment by yourself, without a parent or guardian.
- You can be given any form of birth control you need + pregnancy tests + emergency contraception (EC).
- You can get tested & treated for sexually transmitted infections (STIs), including HIV.
- Call 1-800-230-PLAN or visit to make an appointment at your closest Planned Parenthood clinic, PlannedParenthood.org.
- Visit SexFYI.org to find a clinic where the appointment cost will be based on your self-verified income.
- Talk with your provider to discuss ways to protect your privacy from bills or letters about your visit being sent to your house if using your parent's insurance.
- PPAZ is unable to provide gender affirming care to patients under 18, but if you have supportive guardians, you can make an appointment with El Rio's Transgender Medicine Department or Phoenix Children's Gender Support Program.

*you are at least 13 years old.

**Abortion**

**TEMPORARILY LEGAL IN AZ**

- There is 24-hour waiting period before you can have your procedure. The clock starts after you meet with a provider for pre-abortion counseling.
- Abortion is permitted to 15 weeks' gestation.
- If you are under 18, a parent or legal guardian must give you permission to get an abortion.
- If getting the permission of a parent or guardian is not an option for you, you can seek a judicial bypass (JB).

To contact the JB Helpline, call or visit 844-868-2812.

**No matter your relationship status, sexual orientation, religion, immigration status or gender identity, you, as our patients, are our top concern.**

**WATCH OUT!**

Be aware of fake clinics, also known as crisis pregnancy centers (CPCs). They’re run by people who are anti-abortion & their goal is to shame, scare, or pressure you into carrying a pregnancy to term.

Learn more at ExposeFakeClinics.org, where they share ways you can help end CPCs' deception.

AbortionFinder.org will connect you with trustworthy abortion providers.

**Emergency Contraception (EC) Remains Legal**

- Effective up to 3 days after unprotected intercourse.
- Available over-the-counter without a prescription.
- Copper and hormonal IUDs are both effective as EC up to 5 days after unprotected intercourse, but insertion requires an office visit.
