

# The Parent Toolkit

The Parent Toolkit helps parents teach their children about growth and development, sexuality-related issues, communication, and relationships. The kit includes materials for toddlers through young adults.

## ONLY \$5

- How to talk to your kids about sex
- What children need to know about human sexuality, and when
- What teens want parents to know and do
- Sex and technology and teens
- Includes "Let's Talk" placemat: encourages communication at the family table in a fun way!
- Includes content in English and Spanish in one kit.
