

FAQs

Do you background check your staff/volunteers?

Yes, all staff and volunteers are vetted through an application process and a background check.

How are your staff/volunteers trained?

The Ohio Center for Sex Education educators are fully trained professionals. All college student volunteers go through a two-day, 6 hour training with Ohio Center for Sex Education educators that cover how to work with middle school youth, de-escalation/conflict resolution strategies, how to answer tough questions, basics of comprehensive sex education, and more.

Camp MEE is in compliance with Ohio Department of Job and Family Services registered day camp guidelines and follows, at minimum, the 1:18 adult to youth ratio guidelines.

How is the food? What about food allergies?

Food will be donated from reputable and popular area restaurants and grocery stores. Parents/guardians can indicate on the application if campers have food allergies and arrangements will be made to accommodate them. We will also indicate on the campers badge that they have a food allergy so extra caution is taken. Campers may also choose to bring their own packed lunch. Refrigerators and microwaves will be available for use.

How do you handle medications?

Guardians can indicate on the application if their camper needs medication during camp time. Medication can be dropped off/picked up during check in and check out each day of camp.

How do you support gender-expansive youth?

Camp MEE is an inclusive and affirming space for gender expansive youth. All gender restrooms will be available and campers will include their pronouns on their nametags. Volunteers and staff are trained on how to properly use pronouns and respect gender expansive youth. Any type of bullying or harassment will not be tolerated.
