01 Thank you for hosting a house party on behalf of Planned Parenthood of the Pacific Southwest. A House Party is a great way to bring together family, friends, neighbors, and coworkers in a comfortable, inclusive, and non-judgmental environment to learn more about sexual and reproductive health and the services Planned Parenthood of the Pacific Southwest provides. There are 3 simple goals for each House Party:

- 1) Educate guests about the issues that affect Planned Parenthood and the challenges to reproductive rights;
- 2) Create relationships with new Planned Parenthood of the Pacific Southwest supporters and provide tools/resources for guests to [Get Involved](#);
- 3) Encourage guests to make a donation to Planned Parenthood of the Pacific Southwest

To help you along, we've created this House Party toolkit with resources to make your party a success.

02 How do I do it?

If you haven't already, first fill out this [form](#) to let us know you are interested in hosting a House Party.

Get a group of people together and have a party! You'll have fun, raise awareness, AND support Planned Parenthood of the Pacific Southwest.

03 What does it look like?

Anything you want! Your party can and should reflect your creativity, enthusiasm, and commitment to the work that Planned Parenthood does. It could be a:

- > Potluck
- > Wine and cheese gathering
- > Brunch
- > Girls' night
- > Backyard BBQ
- > Dance party
- > Afternoon tea

It's all up to you. We only ask that you set aside time to share why Planned Parenthood matters to you and encourage your guests to [Get Involved](#).

Instructions

04 What do I need to do to host a party?

First, pick a place: your house, a restaurant, a park... anywhere! Just make sure there's enough privacy for your guests to ask questions and share their thoughts. Be sure to create a non-judgmental and inclusive setting where people feel comfortable discussing their thoughts and opinions.

Second, pick a date and time and create an invitation list. Consider inviting like-minded friends, both old and new.

Scheduling and Planning Hints:

- > Send invitations at least 3-4 weeks in advance. It's even better if you also call people to invite them. Consider making a private Facebook Event page; it's an easy way to keep track of RSVPs and send your guests information. Expect to invite three times as many people as you'd like to attend. And even if someone can't come, your contact with them has made a difference!
- > Ask your friends to co-host with you. This is a great way of expanding your network and building excitement for your party.
- > Send a reminder 1 week before the event.

Fun Suggestions for the Party:

- > Share why Planned Parenthood is important to you! Use the provided Conversation Starters to get people talking and sharing.
- > Write thank-you notes to our health center staff.
- > Play trivia games about reproductive and sexual health.
- > Share the [Small Talk, Big Issues](#) fact sheet.
- > Let your guests know how to connect with Planned Parenthood of the Pacific Southwest on social media:
