With a trauma-informed approach, we teach subjects like healthy relationships, consent, puberty, how to prevent STIs and unplanned pregnancies, LGBTQ & Gender, and how to be an askable adult.

- Additionally, we reach over 20,000 people through community resource events and outreach

PPCW Advocacy

PPCW partners with Planned Parenthood Advocates of Oregon and Planned Parenthood Votes Northwest and Hawaii, which are visible and powerful political organizations advocating for reproductive rights wherever public policy is deliberated and formed. PPAO has a grassroots network of community-based Leadership & Advocacy Teams and thousands of supporters across the state.

Through our shared efforts, Oregon has remained the leading state for reproductive freedom.
