

**MARCH...**

**AND**

# **MAKE THE PLEDGE**

**We knew this time would come. A moment when it feels like abortion access has never been more fragile.**

**We share your collective rage & desire to take action. We know the power of communities coming together to demand change & imagine a more just world. Making signs & raising your voice & fists at a march with your friends, family, neighbors can feel like a way to fulfill these needs**

## **MARCHING ALONE WON'T ACHIEVE ABORTION LIBERATION**

- Help your neighbors pay for their abortions by donating to your local abortion fund. In Philly, that's [womensmedicalfund.org/donate](https://womensmedicalfund.org/donate). You can find yours at <https://abortionfunds.org/funds/>
- Host a virtual or outdoor gathering to talk about abortion & raise funds.
- Have a bake sale, wine tasting, etc. to raise money
- Sign up to be a clinic escort! In Philly, you can submit an application to volunteer with our local, independent abortion providers at Philadelphia Women's Center (PWC) here: [thewomenscenters.com/volunteer/](https://thewomenscenters.com/volunteer/).
- Thank an abortion provider: [bit.ly/MarchAndThankProvider](https://bit.ly/MarchAndThankProvider)
- Keep learning, growing, and sharing. See our Abortion Resource sheet!
