Planned Parenthood Gulf Coast (PPGC) operates two health centers in Louisiana. PPGC works passionately to help individuals and families lead healthy lives. We believe that when people are truly cared for, they will make their lives, their families—and even the world—better and healthier. During Fiscal Year 2021 (from July 1, 2020 through June 30, 2021), PPGC had the following impact on the lives of individuals from across the state.

**Our Impact In Louisiana.**

In New Orleans
- Provided 7,533 health care visits to 3,745 patients
- Provided 6,185 birth control services and information visits
- Partnered with Daughters Beyond Incarceration to advocate for girls with incarcerated fathers and build strong parent-to-child relationships through public education, leadership development, and policy change

In Baton Rouge
- Provided 7,983 health care visits to 3,873 patients
- Provided 7,346 birth control services and information visits
- Launched a new Planned Parenthood Generation Action (PP Gen) chapter at Southern University. PP Gen is a program to educate and mobilize students and youth in support of reproductive health and rights on college campuses

Statewide
- Provided 15,516 total health care visits to 7,618 patients including 4,182 telehealth visits
- Provided 13,531 birth control services and information visits
- Launched syphilis treatment in both Louisiana health centers
- Launched two new education programs: Starting Early for Pre-K through 1st grade students & TeenGEAUX (Guidance, Education, Advocacy, Unity and Excellence) for adolescents
- Increased medical professional staff capacity with 3 new trained, privileged and credentialed health care providers in Louisiana

**FROM OUR PATIENTS**

“I can honestly say this was one of the most comfortable and reassuring health care experiences of my entire life.”

“My caregiver was great, she treated me with respect and dignity and she also didn’t judge me at all based on what I told her. She had great compassion.”

“This place is amazing. Not many know just how much Planned Parenthood does, but it truly saves people’s lives.”
