Trivia Challenge

Answers for Host

- 1)** Out of five, how many women in the U.S. have visited a Planned Parenthood health center at least once in her life?

1 in 5

- 2)** How many Californians come to Planned Parenthood every year?

850,000

- 3)** What services does Planned Parenthood provide?

Lifesaving cancer screenings, well-woman exams, birth control, STI testing and treatment, comprehensive sex and reproductive health education, safe and legal abortion, and so much more! A list of services can be found at [planned.org](https://www.planned.org).

- 4)** What region does Planned Parenthood of the Pacific Southwest serve?

San Diego, Riverside, and Imperial counties – 16,000 square miles

- 5)** How many health centers are in the PPSW region?

17

- 6)** How old are most Americans when they have sex for the first time?

17

- 7)** What year did California start requiring comprehensive sex education to be taught in public schools?

2015! Although comprehensive sex education is now required to be taught in public schools, it wasn't until 2018 that charter schools were mandated to do so as well.

Trivia Challenge

8) About how many nerve fibers are found in the head of the clitoris?

8,000. This is double the nerve endings found in the glans of a penis.

9) What is the most common symptom of **all** Sexually Transmitted Infections (STIs)?

No symptom! You can't tell by looking at someone if they have a STI. The only way to know is to get tested.

10) What percentage of women will have at least one abortion by the age of 45?

25%, or 1 in 4

11) In what year was *Roe v. Wade* decided?

1973

12) What percentage of Americans agree with the Supreme Court decision on *Roe v. Wade*?

63%

13) How much does the federal government spend per year on funding abortion?

\$0. The Hyde Amendment, passed in 1976, prohibits using federal funds to pay for abortion. There are rare exceptions in cases of rape, incest, or to save the life of the mother.

14) When did birth control become legal for married couples?

1965. (And it wasn't legal for all Americans until 1972).

15) What percentage of people will get a STI in their lifetime?

25%, or 1 in 4
